MARTIN'S PATENT FIRE-PROOF and ORNAMENTAL CEMENT—REDUCTION of PRICE.—The Patentees beg to inform their Friends and the Public that they have made arrangements which enable them to offer this invaluable cement at a considerably reduced price. It has now been before the public so many years, and has obtained so high a standing in the estimation of all who have used it, that it is unnecessary to comment on its merits. The Patentees, however, feel called upon to observe, that by its use—from the greater amount of surface which a given quantity will cover, and the small amount of labour required in working it, a saving of 25 to 30 per cent. is effected as compared with other cements for internal use. Specimens shewing its beauty, hardness, and applicability to all plain and ornamental purposes, may be seen; and the Cement in any quantity obtained of the Patentees, Messrs. STEVENS and SON, at their Plaster and Cement Works, 138, Drury-lane, London.—Agent for Liverpool—

MR. H. NEWTON, Cement Merchant, No. 6, Lawton-street.

PORTLAND CEMENT, solely MANUFACTURED by WILLIAM ASPDIN, Son of the Patentee.—Messrs. ROBINS, ASPDIN, and Co. request reference to Nos. 202, 3002, 3003; and also Nos. 204 and 205 pages 161 and 162 of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cements, whereby the great superiority of their Cement is manifested. This Cement has been covered for upwards of twenty years in the Thames Tunnel to resist the action of water. It is stronger in its cementitious qualities than any and more durable than any other description of cement; it does not vegetate, or take or turn green; nor is it affected by any atmospheric influence whatever the climate, resisting alike the action of frost and heat. It is manufactured to set in from one to sixty minutes. For all purposes that Cement is applicable the Proprietors challenge competition.—Orders received by Messrs. ROBINS, ASPDIN, and Company, at their Manufactory, Northfleet, Kent; and their Wharf, Great Scotland yard, Whitehall; also by their Agent at the Dock, No. 8, Park Grove, Liverpool.

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement; but has the advantage over that material of wholly resisting frost; and when used as a stucco it does not vegetate or turn green in any climate, and retains its colour. Employed as an hydraulic mortar for brickwork, it carries four to five measures of sand to one of cement, and is proved by trial to become harder and stronger in these proportions than Roman Cement with but one measure of sand. This superior cementing property, coupled with its quick setting, renders it unequalled as a material for building sea and inland walls, the lining of reservoirs, cisterns and baths, and for all those purposes where strength and a perfect resistance to water are required.

Manufacturers—J. B. WHITE and SONS, Millbank street, Westminster, and 4, Pool-street, Liverpool.

KEENE'S PATENT MARBLE CEMENT forms an extremely hard and indestructible Stucco, which may either be prepared for paint, or be altered in imitation of stone by the addition of Portland or other stone dust.

It is a strong and efficient substitute in place of wood for shutting, architraves, and other mouldings in the application for which purpose it checks the progress of fire and the access of vermin.

Patentees and sole Manufacturers, J. B. WHITE and SONS, Millbank street, Westminster, and Pool-street, Liverpool.

ROMAN CEMENT, made according to the specification of Parker's Patent, may be had genuine of J. W. BRASHFIELD, late Wyatt, Parker, and Co's, Waterloo Bridge Wharf, Commercial-road, Lambeth, No. 1, Ironside Wharf, Paddington, and at the Manufactory, Mill Wall, Poplar. Also Plaster, Wasteo, Terras, Bricks, Tiles, &c.

VEINED and MOTTLED MARBLE in Quantities and slabs of the first quality, just imported.

CUTTLEHILL FIRE CLAY

Retorts, Drain pipes glazed), Stove-backs, Copings,

Chimney-pots, &c.

The attention of builders is particularly called to these fireclay & stove-backs and copings for forming Neuhard and other stoves in an even manner.

JOHNS and CO.'S PATENT STUCCO CEMENT and PAINT.—The attention of Architects, Builders, Plasterers, Painters, Merchants, and the Public generally is solicited to the many advantages attached to these celebrated Materials which, for their appearance, durability, impermeableness, utter resistance to frost or heat, and general economy, distinguish them from all other cements and stuccos, and fully justify the confidence reposed in them, as shewn by the numerous testimonials received from public bodies and private individuals of the first importance.—Prospectuses and particulars may be obtained from the sole agent, PHILIP HARE, at the Warehouse, 24, Steel-yard, Upper Thames-street.

PARIAN CEMENT, for internal Stucco, instead of PLASTER OF PARIS, may be painted and papered within twenty hours of its application on the bare walls; and owing to its resistless habitude by time, the walls so made remain only at rest and will begin to fly. It is worked without the slightest difficulty. A finer quality is also prepared for ornamental plastering, for cheaper painting, &c. A Specimen of which may be seen at the Manufactory of the Patentees, CHAS. FRANCIS and SONS, Cement Works, Nine Elms, London.

WARWICKSHIRE and IMPROVED LIAS CEMENT.—To Architects, Engineers, Contractors, and Builders.—Lias Lime and Cement, manufactured by H. CREAVES & Co. at Rugby Station and Stockton Wharf, may be had in London, or delivered to any part of the country, at less price than Roman cement and 40 per cent. under Portland. These cements for stone are indestructible, of a warm stone colour, the "Warwickshire" resembling Caen and the "Improved" a dark tint of Hall stone, and only requires to be seen by the professional man to determine them of their superiority, of which, out of numerous others the mansions built by G. W. Mayhew, Esq. and J. Rigby, Esq., opposite the Prince's-gate, Kensington, will be a sufficient reference. For concrete, grouting lime is the best hydraulic lime known, and will become as hard as stone under water. Used up to 5, 6, & 7 to 1 cheaper than common chalk lime; for example, say—

1 to 4 ground lime, for bankside ballast; cost of lime, 2s. 6d.
1 to 4 chalk ditto ditto 1s. 6d.
1 to 2 Portland cement ditto ditto cost of cement, 12s. 6d.

The river wall lately reconstructed at Lambeth wharf, under the superintendence of G. Aitchison, Esq., only required inspection to prove its advantages for water work. Agents, Messrs. BUTTY and VERITY, 3, South Wharf, Paddington.

EMERSON'S PATENT LIQUID CEMENT is ready for use, is simple in its application, and only ONE-EIGHTH the cost of oil paint; for beauty it is pre-eminent over all the kinds of composition of bronze, having the exact appearance of FINE CUT STONE. It can be used as cheap as Roman cement or other plastering; is particularly calculated for country houses, villas, or rate entrances that have become soiled or dingy, which can be sanitised in any weather, at a trifling cost.—Sold in casks of 1, 2, 5, and 10 cwt., at 6d., 12s. and 20s. each.

PATENT MINERAL PAINT

Invaluable as a coating for SHIPS' SIDES AND BOTTOMS, all kinds of WOOD or METAL work, roofing felts, leaky roofs, spouts and gutters, fences, sheds, railing, and all kinds of out-door work, and being perfectly waterproof, will preserve their surfaces from nitrous influence and damp, particularly in corporations, and will dry in a few hours.—Sold in casks, 2 to 10 gallons. Brilliant Black, 2s. Rich Brown, 2s. 6d. per gallon.

GEORGE LEAN and Co. No. 16, Bear-lane, Cheapside.

PAINTING WITHOUT SMELL; a fact accomplished by the use of the newly-discovered SWEET OIL of TURPENTINE, instead of the deadly abomination called oil of spirits of turpentine. Paint mixed with it is free from smell, is improved in that beauty of colour, which is tasteful properties of the lead being neutralized, does not emit those noxious exhalations which have hitherto been so universally associated with painting. By this really valuable discovery house painting is now converted into a sanitary operation, that may be effected at any season of the year, being productive of health and comfort, without causing the slightest derangement to the domestic economy. Sold by the gallon, cwt., or ton, by every respectable oilman in the kingdom, and at the depot, L. Broad's buildings, Chancery-lane, where may be seen, and copies had of, the original certificate of Dr. Ferray, a son of a member of the College of Chemistry. Sold also in sample bottles, 1s. and 2s. each, bottles included.

TO THE BUILDING PUBLIC.

FIRST-RATE ORNAMENTS in PORTLAND, ROMAN and other CEMENTS, and PLASTER of PARIS, at reasonable prices, consisting of Vases, Balusters, Capitals, Impersonated Pasadines, Cantilevers, Brackets, Trusses, Wreaths, Scrolls, Masques, Heads, Pateræ, Friezes, Consoles and other Chimney Shafts, Rustic Balconies, Paterae, &c., &c., 36 inch Centre, Flowers fixed complete, 9s. each, smaller in proportion. An assortment of Slop-front Trusses always ready for fixing.—HENRENT and SON, Modellers, &c., 43, Parker-st., Drury-lane.

TODD'S PATENT METALLIC PEROXIDE PAINT has been found, after the severest trials, peculiarly efficacious in preserving iron and other metals from oxidation, and renovated earthen and brick work from dampness and reputation. Being free from smell, and without any deleterious properties, it is well adapted for painting the interior of houses, offices, hospitals, and other buildings, which may require to be used during occupation.—For particulars, apply to E. TODD, 3, Upper Thames-street, London.

ANSTONE STONE WHARF, RAMSGATE.—Mr. GRISSELL has the honour to inform Architects and Builders that he has made arrangements for the SUPPLY of the ANSTONE STONE for all building purposes, and which can now be seen at the above wharf by application to Mr. WM. WARDLE, of whom every information can be obtained. N.B. The stone used in the erection of the new Houses of Parliament was supplied EXCLUSIVELY from these quarries.

ANSTON STONE, used for Building the New Houses of Parliament.—W. WRIGHT and Co. beg to inform Architects, Engineers, Builders, and others, the Anston Stone can be supplied in any quantity on the shortest notice. This valuable stone, so celebrated for its durability, colour, and texture, is well known, having been selected in preference to all others, by the Commissioners of Woods and Forests, for building the New Houses of Parliament. It is very superior for Monumental, Tombs, &c.

W. Wright and Co. have made arrangements to have a stock always on hand at Brine's Marble and Stone Wharf, Hornsey-road, Maiden-lane, King's-cross.—Any further information can be obtained on application to W. WRIGHT and Co., Anston, near Sheffield; or to T. SHARP, their Sole Agent in London, 6, Burton-crescent.

AUBIGNY STONE QUARRIES.—LUARD, BEEDHAM, and Co., beg to inform the Architectural and Building Profession generally, they are importing the above stone from Aubigny, near Falaise, Normandy; and from its general adoption where it has been used, are assured of its great utility.

Aubigny resembles Portland in colour and texture, but free from shell, flint, and other obstructions in working; its durability may be known from its appropriation to lighthouses, dock and quay walling, and the Royal Chateaux, Normandy.

L. B. and Co. have a large and constant stock at their Depôt, Caen Sufferance Wharf, Rotherhithe, where samples and information may be obtained.—Shipments made direct from Caen to any part of the United Kingdom.

CAEN STONE, from the first Quarries of Allemagne. Depôt as the Whitby and Scotch Wharf, 14, Pear-street, Limehouse.—P. HUCCARD, quai des Abattoirs Caen propriétaire des Carrières à Allemagne, begs leave to inform Builders, Architects, and others, that he has on the above-mentioned wharf, the best stone ready to meet the demands of purchasers.—Contracts taken for any quantities.—Orders received by M. BARCHET, at 39, Mussey-street, Borough Market.—Cargoes shipped to order, from Caen, to any port.

CAEN STONE.—Original Sufferance Depôt, Norway Wharf, Greenwich.—W. TUCKWELL, Caen Stone Quarry Proprietor and Importer, begs to invite the attention of Architects, Surveyors, Builders, and others to the stock of PURE SEASONED CAEN STONE now on his Wharf, comprising 20,000 feet cube, which has been selected with judicious care, and is fit for immediate use. Shipments made to any port direct from his quarries at Caen.

N.B. Orders received at the wharf as above; also at the offices of Mr. H. A. WHITE, Surveyor, &c., Chesapeake, where further information and samples may be obtained.

SAMUEL CUNDY, Mason and Builder, PIMLICO MARBLE and STONE WORKS, Ingram-row, Pimlico, begs to inform ARCHITECTS and the PUBLIC that he has availed himself of improvements in his MACHINERY, by means of which he is enabled to produce GOTHIC WINDOWS, MOULDINGS, PANNELS, &c. &c. at a very cheap rate, out of imported stone from the quarries of England, as durable as any soft stone, and particularly sound.

S. C. has an economical method of drawing the white stone over, which produces, by the action of the atmosphere, a surface of crystalline hardness, and imparts the colour.

ESTIMATES from 3d. upwards. Specimens on view of the various styles.

First-rate ARTISTS retained for SCULPTURE and CARVED Works.

Vein Marble Chimney-pieces, of the best quality of material and workmanship, by improved machinery 40s.
Stone ditto from ..... 8s.
A variety on view in stock.
MEMORIAL CROSSES, MONUMENTS, TOMBS, HEADSTONES, &c., in great variety of design.

RESTORATION of CHURCHES. SAMUEL CUNDY having had much practice in the branch, is desirous of Estimating for Restorations.

CLERKS of WORKS have their particular attention called to the above establishment. Coats of Arms, Decorated Pannels, and other enriched works, promptly executed.

Every description of Mason's and Carver's work prepared, ready for fixing.—Delivered at the various Railways, and carefully packed in trucks.—Pimlico Marble and Stone Works, Belgrave Wharf, Pimlico.

STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELCH SLATE SLABS, planed both faces, will be sent on application (post paid) before made, and inclosing a postage stamp. The prices are under those advertised for inferior slates.

PIMLICO SLATE WORKS.—GREAT REDUCTION IN THE PRICE OF SLATE!—Mr. MAONEN has the pleasure to announce that a reduced tariff will be published on the 25th instant, and forwarded, on receipt of a postage stamp, to any part of the kingdom. Half inch slate slabs, planed 3 faces, with warm edges, from 6 to 7 feet long, will be sold from 2½d. to 3d. per foot super.; 1 inch slabs from 4½ to 7½ ditto, and 1½ inch slabs planed 3 faces, from 6½ to 9½ per foot super. Enamelled bated chimney pieces, variously marbled; hitherto priced at 40s. to 80s. will be sold from 15s. to 30s. suitable for openings 3 feet 10 inches to 5 feet 3 inches wide. Slate tanks, to, per foot cube, outside measure, on wharf, or 3s. 6d. delivered and fixed. Higher orders reduced in proportion.—N.B. The finest slabs from Monmouthshire, Hanger, and Cornwall.

TERRA-COTTA, or VITRIFIED STONE WORKS, King Edward-street, Westminster-road, London.—M. H. BLANCHARD, from late Coade's Original Works, Belvedere road, Lambeth, begs to inform the Nobility, Gentry, Architects, and Builders, that he has re-established the manufacture of that invaluable material, which has been successfully adopted by our eminent Architects and others, in the adornment of our noblest buildings, nearly 100 years has proved the imperishable nature of the material, the specimens of those times now exhibiting all their primitive sharpness.

Groups, statues, friezes, capitals, pancilling, pinnacles, finials, terminals, Tudor, and other chimney shafts, balustrading, fountains, fonts, terrase vases, coats of arms, devises, and every description of architectural ornament, at prices in many instances nearly half the cost of stone.

Specimens of the material to be seen at the Office of "The Builder," 8, York-street, Covent Garden, and at the Works.

PAVING, 2s. 9d. PER SQUARE YARD, Basements, Foot-walks, Malt-houses, Corn Stores, Floors of Warehouses, and every description of Pavement laid down at the above low price, and the work guaranteed to last for ever, by JOHN PILKINGTON, PATENT LANCEACH BITUMEN PAVEMENT OFFICE, 14, JOHN STREET, ADELPHI.—N.B. Country Agents and Railway Engineers and Contractors supplied with the best bitumen for covering bridges and arches.

BATH STONE.—RANDELL and SAUNDERS, QUARRYMEN and STONE MERCHANTS. The most approved kinds of Bath Freestone supplied to all parts of the kingdom. Depôts at the Great Western Railway stations, PADDINGTON, CORSHAM, BOX, BATH, and BRISTOL.—R. and S. particularly invite the attention of Architects and Builders to their Corsham Down Stone which is strong and sound in quality, is of beautiful colour and texture, and works much cheaper than any other stone. Prices, with cost of carriage to any locality specified, furnished on application to Randell and Saunders, 16, Orange Grove, Bath.

MARKET WHARF, REGENT'S-PARK BASIN.—Messrs. MARTIN and WOOD (late Rosier and Martin) solicit the attention of Builders, Masons, and others, to their stock of Portland, York, and Derby Stone; also Bangor Slates, Lime, Cements, Plaster, Bricks, Tiles, Laths, Pipe-pots, Turpentine, &c., sold at the lowest possible prices for Cash. Portland Headstones, Ledgers, Steps, Landings, &c., cut to order on the shortest notice. Turpaulings let on hire. A Stock of Northen's Drain Pipes, Syphons, &c., always on hand. Mortar, Lime and Hair. Fine Sand, &c.

Whitehall Wharf, Parliament-street.

REMOVAL.—ITALIAN and GALWAY MARBLE QUARRIES DEPOT, WESTMINSTER.—Mr. FRANKLIN, Proprietor of the above Quarries, informs the SCULPTORS, MARBLE MASONS, BUILDERS, &c., that he has REMOVED his Depôt from Pimlico to the above address. Arrived from his Quarry at Galway:—4000 feet of Black Slabs; 700 feet Cube Blocks; 4000 feet of Flooring—ex Bristol—Ex Mercy, ex Lochee:—1500 cubic feet of various Marbles in fine quality statuary, Veined Dove, Bardilla, Sicilian, black and gold, and Sienna.—From Galway: Black, in Blocks and Slabs.—Arrived ex Persus and Echo, at Whitehall Wharf, 40 Blocks of Statuary and two open. Superior quality, ex Edward, 16 Blocks of Veined and Sicilian.

TO THE OWNERS OF RAW MILLS, PLANTATIONS and Collieries; to Builders, Millwrights, Engineers, &c.

IMPROVED CIRCULAR SAWS, Upright Saws, for timber and deal frames; Patent Tempered Machine Plane Irons, new Saws, Improved engineers' Files; Patent Tempered Machine Knives, and cutters of all descriptions, made on the most economic and economical principles, with dispatch, by BLAKE and PARKIN, the Meadow Steel Works, Sheffield.

LAP WELDED IRON TUBES.—W. H. RICHARDSON, Jun., and Co., MANUFACTURERS of every description of WROUGHT IRON TUBES for Locomotive and Marine Boilers, Gas, Steam, and other purposes.

PATENT TUBE WORKS, DARLASTON, STAFFORDSHIRE.

CAST-IRON PIPES, IRON WORK FOR OVENS, &c.

RAIN PIPES, &c.—F. A. TIDDEMAN, Portlect Wharf, Earl-street, City, near Blackfriars-bridge, keeps a large stock of Rain Pipes, Heads, Shoes, Elbows, &c., half round and O.G. Gutters, Socket Pipes for Water or Gas, Flanch Pipes, Sash Weights, and other Castings: Iron Work for Baker's Ovens of every description, fixed complete, to be had in sets or in parts.—Prices equal to all competition. Contracts taken to any extent.

IRON FOUNDRY, 80, Goswell-street (late of Brick-lane, St. Luke's).—J. J. JONES having made great additions to his STOCK of PATTERNS, begs to inform the Trade, that he can now supply them with Plain and Ornamental Iron Columns Girders, Railings, Gates, Iron Coping, Balconies, Window Guards, Verandahs, Ornamental Staircase Panels, Iron Staircases, Tomb Enclosures, Trellis Dwelling, Lamp and other Brackets, Consul Lavers, Area Gratings, Water Closet Work, Area Gratings, Pig and other Wheels, Wharf Plates, &c.

BAKERS' OVEN WORK, Frame Backs and Troughs, Rain Water Pipes and Gutters, Sash Weights, Furnace Bars, Stoves, Ranges, &c., always in stock.

TO ARCHITECTS, BUILDERS, &c.
